COMPANY SUMMARY:

Brayman Construction Corporation is a leading heavy civil and geotechnical contractor with office headquarters in suburban Pittsburgh, PA with satellite office in Wytheville, VA to serve our customers in the Southern WV, VA, NC, SC and TN region. Incorporated in 1947, Brayman has grown, diversified and evolved its construction services from a small bridge and concrete company to a large, nationally recognized provider of complex, heavy civil construction projects servicing both public and private sector clients throughout the Midwest and along the entire east coast. The Company has expertise in a wide variety of projects including large scale complex bridges, deep foundation, marine and dam construction and rehabilitation, complex and heavy steel erection and rehabilitation and demolition services.

SPECIAL NOTES:

This job description is presented as guidance only, other reasonable tasks or responsibilities as management sees necessary may be added to this job description in order to achieve satisfactory job performance by the team member.

Brayman Construction is a **drug and alcohol free workplace**. As a condition of employment, all Personnel will be required to submit to drug/alcohol testing when requested by the Company, including pre-employment, random, reasonable suspicion, post-accident and follow-up testing.

A pre-employment drug and/or alcohol test shall be administered to all applicants/new hires applying for employment for all positions and at all locations, including job sites, shop and yard, and the office.

Employment at Brayman Construction is contingent upon the successful completion of a background check. All new hires will be required to submit to a **background check** as a condition of employment.
